

Passion

Can you see the Bridegroom with passion in His eyes
He's anticipating the union with His Bride

How He longs to touch her and whisper in her ear
To bring her in His chambers and sweetly hold her near

(Chorus)

We are the Bride Of Jesus Christ

Her kisses will be savored like honey on His lips
No longer thirsting for the wine of passion they will sip

Purified and spotless they'll meet face to face
He'll gaze upon her beauty and melt in her embrace

(Chorus)

We are the Bride Of Jesus Christ

(Bridge)

Love so enticing shall draw them in that holy place
Where destiny is rising to unite them face to face

(Chorus)

We are the Bride Of Jesus Christ

We are the Bride Of Jesus Christ

(Outro)

Can you see the Bridegroom with passion in His eyes *(echo)*
He's anticipating the union with His Bride *(echo)*

(Passionate Anthem)
