

The One

The threshold of the future beckons as I step through this door
Discovering you my love as I never have before

The closer that I grow to Jesus the more of you I see
Could it be possible that you are the one for me

**(Chorus) My life has only begun Now that our hearts are one
In my pursuit of the Son He blessed my life with the one**

It's a dream come true to be in love with my best friend
And for all eternity our union will never end

Each moment seemed to pass so slowly but God is never late
And now that the time has come oh you were so worth the wait

**(Chorus) My life has only begun Now that our hearts are one
In my pursuit of the Son He blessed my life with the one**

(Bridge) Through all the years I know you will be here
At last you are mine and I am yours
And now that I see God has brought you to me
I give my love that I have stored and all I am to you forevermore

**(Chorus) My life has only begun Now that our hearts are one
In my pursuit of the Son He blessed my life with the one**

**(Chorus) My life has only begun Now that our hearts are one
In my pursuit of the Son He blessed my life
With you now my life I've become one with the one**

You are the one
